Academics:

2002-2006	B.E(Mechanical Engineering)	Visveswaraiah Technological University, Belgaum	73.45
2000-2002	Mycemco Composite PU College	Karnataka P U Board	78.50
1999-2000	Mycemco Junior College	Karnataka Examination Board	84.65

Relevant Project Experiences:

Project Name	e-business		
Organization	**DSPIM Inv Managers Pvt Ltd**		
Duration	From August 2020	**Role and Team Size**	Head of Technology 26
Activities	Involved in maintaining the application as per the industry standards. Move the legacy system to a scalable application using microservice architecture.		
Technology & Tools	Spring, Spring boot Webservices, Dropwizard, AWS, Security, Payment Gateway.		

Project Name	HAD		
Organization	Here Solutions Pvt Ltd		
Duration	December 2017 August 2020	Role and Team Size	Software Engineering Manager I 20
Activities	• Involved with highly autonomous driving team. Primarily responsible for building tools which helps machine learning team. • Design and develop for new requirements. • Have played various roles Individual role, TPM role and Manager role. But mostly into design and development. Have designed and developed a generic framework with **BPM (Activiti) , UI(Angular) and Reporting feature(Kibana)**.		
Technology & Tools	Spring, Spring boot Webservices, Aws, Activiti.		

Project Name	Chenoa IT		
Organization	Chenoa IT		
Duration	August 2016 Till December 2017	Role and Team Size	Technical Lead/Architect 8 (Direct) 32(Indirect)
Activities	❖ Responsible for Requirement gathering, Designing/Providing Solution and to Deliver. ❖ Was the architect for the integration product the company build.		
Technology & Tools	MIRTH, Spring Boot, Spark, Java, Java Script		

Project Name	Deloitte Consulting		
Organization	Deloitte Consulting		
Duration	December 2014 Till August 2016	Role and Team Size	Senior Consultant 12
Activities	❖ Responsible for Requirement gathering, estimation and to Deliver.		
Technology & Tools	EJB, Batch, Ilog Rules		

Project Name	Scope International (Standard Chartered Bank - Malaysia)		
Organization	CRMIT		
Duration	June 2013 to December 2014	Role and Team Size	Team Lead 3
Activities	❖ Responsible for Integration and Synchronization of data across system ❖ End to end development and delivery of the application ❖ Co-coordinated and completed work with people across different countries		
Technology & Tools	Spring, Hibernate, Dozer Mapping, Drools, Java Threads and CRM On Demand		

Project Name	ICT123		
Organization	CRMIT		
Duration	June 2012 to June 2013	Role and Team Size	Team Lead 4
Activities	❖ Requirement Gathering and Providing solutions ❖ Preparation of LLD and HLD. ❖ Ensuring On Time Deliveries		
Technology & Tools	Java, J2EE and CRM On Demand		

Project Name	IRCTC Air – POC		
Organization	CRMIT		
Duration	June 2012 to Nov 2012	Role and Team Size	Team Lead 8
Activities	❖ Migration of the Application		

	❖ Providing viable technical solution for the business problem/requirement. ❖ Integration with different air service providers example: Amadeus, Radixx etc ❖ Performance Tuning. ❖ Integration with Payment Gateway
Technology & Tools	Java, J2EE, Weblogic, Coherence, Jprofiler, JRockit Mission Control

Project Name	**VISR –Goldman Sachs**		
Organization	HeadStrong		
Project Synopsis	VISR is an application which collects information from the potential vendor of Goldman Sachs. This information collection is through questionnaire. And this application dynamically controls the UI through DB. Response captured in terms of checkbox earlier can be converted in radio button through Database. Also new set of questionnaire can be added without any changes in code.		
Duration	June 2011 to June 2012	**Role and Team Size**	Application Owner 1
Activities	❖ Preparation of LLD and HLD. ❖ Looking after the design of Database. ❖ Integration with other application ❖ Performing Unit Testing and System Testing		
Technology & Tools	Java, Struts, Hibernate, Spring, Mule, Hibernate, Ant, iBatis		

Project Name	**eServices –Bank Of America**		
Organization	Tata Consultancy Services		
Duration	February 2010 to May 2011	**Role and Team Size**	Web Services 6
Project Synopsis	eServices is a middleware technology. We have many upstream applications from which we receive request and a lot of downstream application from which we get the requested service's response. Responsibilities include of solving issues which raise on both up and downstream, creating values adds to the clients.		
Activities	❖ Preparation of LLD and HLD. ❖ Consuming new WSDL provided from downstream. ❖ Providing new services(WSDL) for the upstreams ❖ Performing Unit Testing and System Testing ❖ Provide support the application		
Technology & Tools	RAD, SOAP-UI, web services .Struts, XML,Autosys.		
Achievements	❖ We constantly work on Value add which we can provide to the clients. Recently we achieved a considerable amount of Value add for which we had received client appreciation.		

Project Name	**JOBE – Bank Of America**		
Organization	Tata Consultancy Services		
Duration	February 2010 to Till Date	**Role and Team Size**	Java Developer 6
Project Synopsis	JOBE is application build on Struts. It uses the services provided by eServices. Responsibility involves carrying out enhancements, analysis analysis for any improvement in the application.		
Activities	❖ Analysis the impact of any enhancements. ❖ Developing the code for new enhancements ❖ Performing Unit Testing and System Testing ❖ Provide support the application		
Technology & Tools	Struts.		

Project Name	**BMS Credo-Customer Gateway**

Organization	Accenture Services Pvt Ltd		
Duration	February 2009 to Jan 2010	**Role and Team Size**	Java Developer 2
Project Synopsis	Customer Gateway is client's internal tool for Search, Maintenance and adding of the prescriber to there call list. This tool helps sale's Representative from searching of prescriber to updating details of the existing one and adding them to the call list which goes with a lot of business validation.		
Activities	❖ Developing the code for new enhancements ❖ And make relevant changes in the stored procedures ❖ Performing Unit Testing and System Testing ❖ Provide support the application		
Technology & Tools	Struts, Oracle, SQL Navigator, Unix		
Achievements	❖ A major enhancement delivered with zero defects and received client appreciation for the same		

Project Name	**BMS Credo-Customer Administration Tool**		
Organization	Accenture Services Pvt Ltd		
Duration	February 2009 to Jan 2010	**Role and Team Size**	Java Developer 2
Project Synopsis	Customer Administration Tool is client's another internal tool for Search, Maintenance and adding of the prescriber to there call list. This tool helps sale's Representative from searching of prescriber to updating details of the existing one and adding them to the call list which goes with a lot of business validation This is different from Customer Gateway in terms of the technologies used this involves webservices and smart client technologies. Really challenging application in terms of the maintenance which goes		
Activities	❖ Developing the code for new enhancements ❖ Resolve issues ❖ Performing Unit Testing and System Testing ❖ Provide support the application		
Technology & Tools	Struts, Smart Client, Oracle, SQL Navigator, Unix, WAS		
Achievements	❖ Learning technology smart client Technology in very short time and supporting the application		

Project Name	**DSV-CargoLink(Module1)**		
Organization	Accenture Services Pvt Ltd		
Duration	September 2006 to January 2009	**Role and Team Size**	Java Developer/VAG Developer 18
Project Synopsis	Cargo-link Application handles Booking of consignment, Invoicing, Ameta, Pallet Handling System, Scanning, Autorouting , Planning and Tracking, Statictics and Reporting. This application is the lifeline of the client. With each and every unit of business start with this		
Activities	❖ Preparing Technical design documents ❖ Application support ❖ Preparing test cases during the different cycles of testing ❖ Performing Unit, System and Integration Testing		
Technology & Tools	Struts, VAG, EDI, DB2, Remedy, BID and Mercury Test Director		
Achievements	❖ Received achiever award for my contribution ❖ Involved in the Design phase of the parking functionality.		

Project Name	**DSV-CargoLink(Module2)**		

Organization	Accenture Services Pvt Ltd		
Duration	September 2006 to January 2009	Role and Team Size	Java Developer/VAG Developer 3
Project Synopsis	Involved in Maintainence of the Cagolink Application. Had a lot of challenges in terms of the application Interface with EDI had to deal with them. Handling the functional issues		
Activities	❖ Application support ❖ Interacting with the end users to help them with there issues across the application. ❖ Training and Assinging work to the junior team member		
Technology & Tools	Struts, VAG, EDI, DB2, Remedy, BID and Mercury Test Director		
Achievements	❖ Raising the number of tickets handled at primary support from 56% to 95% and increase the amount of work handled along with increasing the team size from 1 to 3		

Extra Curricular Activities:

- ❖ Involved in various social initiatives through my present organization
- ❖ Interests include Playing Guitar, Reading Books, Listening to Music, Sports and Watching movies

Personal Details:

- ❖ **Father's Name** : Dayachand
- ❖ **Present Address** : Andheri Mumbai
- ❖ **Permanent Address** : Jaipur, Rajasthan
- ❖ **Date of Birth** : 02 August 1984
- ❖ **Languages Known** : English, Hindi, Kannada.
- ❖ **Passport** : Yes
